### **Calculator Expectations**

#### **6th, 7th, 8th Grade**

In an effort to best prepare our students for class, we are requesting that families purchase the TI30-XIIS made by Texas Instruments as stated on the School Supply List. This calculator will be used from 6th grade through at least Algebra 2 in high school. ***Teachers will be checking with students for these calculators by Friday, August 12th.*** Unfortunately, teachers cannot guarantee that classroom calculators will be available for use. Cell phones and computers, while tools, may not utilize the same functions as this specific calculator. Families, please be sure to label the calculator with your student's first and last name on both the calculator and the cover in permanent marker.

Thank you for understanding the importance of your child  
having this tool for their math classes.

–The KMS Math Department
